

YMC 2017 Semi-Prep Column Special:

# Buy One Semi-Prep Column (10 - 30 mm i.d.) Get a Second One at Half Price

**Whether you buy two columns, or four (or more) ... during our 2017 Semi-Prep Column Special, for each column purchased (10-30 mm i.d.\*), you'll get half off a second one.**

This offer applies to **all of our stationary phase chemistries**, including our Triart hybrid-silica and our widely-used HG phases, as well as bare silica, chiral phases, and ion exchange materials.

All of our semi-prep column configurations are included...such as the YMC Actus semi-prep HPLC columns (at left), and our Alcyon SFC hardware (upper right).

To place an order, or to follow up for additional information, please contact us by phone or email.
